

BE AN ADVOCATE FOR CHILDREN

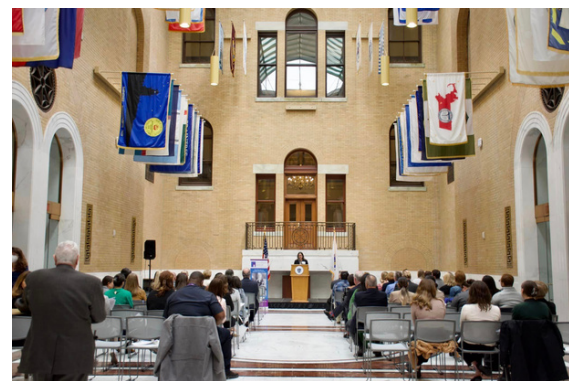

Our league is a statewide non-profit that **leads the charge on expanding the availability, accessibility, and quality of children's services in the Commonwealth.** Your contribution supports our advocacy for data-driven, trauma-informed, culturally appropriate, and outcome-focused supports that will ensure all children have safety, permanency, and wellbeing.

Your contribution supports:

- Events that bring child and family service providers together with state leaders and legislators for collaborative action
- Our growing social media and communications channels that amplify the successes and opportunities for change in child welfare
- Legislative lobby days that bring the voices of youth and advocates to Beacon Hill

We'll keep you up to date on CLM activities through our quarterly Friends of the League newsletter.
